We Like Holidays

Every year people celebrate a lot of holidays. The most important holidays are Christmas, New Year and Easter. In England people celebrate this holiday on the 25th of December. People buy presents for their family and friends. They also buy a lot of food and drinks. For Christmas dinner people eat turkey, potatoes and green vegetables. Then they have Christmas pudding.

On Christmas people wish other people a Merry Christmas. People usually celebrate New Year at home. They wish each other a "Happy New Year". People like to make New Year's resolutions — new promises for the New Year.

We celebrate Easter in April or in May. It's a very important holiday for all the people. This day we celebrate the resurrection of Christ. The symbol of this holiday is an Easter egg.

My hobby

I have a hobby of listening to music every single day. Ever since I was a little boy, I have always found music interesting. I don't think I have a particular genre of music that I like the most. If the song is good then I will have it on repeat. My song list varies from Pop to Rock, from Alternative to Hip-hop... I always turn on music whenever I can. At home, I love putting on headphones and singing along to my favorite songs. Music has a powerful effect on humans. It can make us feel many different emotions. When I feel bored, I know I can always turn to music.
